- 12 Join/participate in Corporate Social Responsibility events organized by ZMT.
- 13 Provincial EPI, Director Health Services Karachi & DHMTs may participate in events related to EPI, PEI, Vaccine Preventable Disease Surveillance etc in health facilities of ZMT.

The ZMT will:

- 1 ZMT will share the documents of registration of Sindh Healthcare Commission with Sindh EPI & DHOs.
- 2 ZMT shall provide adequate space for vaccination, instalment of ILR, cupboard, table, ventilated vaccination and waiting area for parents, siting arrangement etc.
- 3 Arrange vaccination session for routine immunization & polio campaigns and make community aware about the routine immunization and polio campaign at their respective clinics/health facilities.
- 4 Hire the vaccinators or nominate their existing paramedic staff for providing RI services in ZMT clinics. These vaccinators will not be involved in any other activity at HFs other than vaccination.
- 5 Send vaccinators/paramedical staff to concerned DHO offices/nominated EPI centers to get EPI technical trainings before starting vaccination in the ZMT clinics.
- 6 Ensure EPI SOPs are followed during vaccination like minimizing vaccines wastage, proper handling of vaccines, and storage of vaccines, vaccine waste disposal, AEFI management, record keeping and reporting (manual and digital - Zindagi Mehfooz App).
- 7 Maintain registers, charts and graphs of issued stock, coverage, drop outs etc
- 8 Submit monthly antigen wise coverage reports (i.e. coverage reports, defaulter's list, updated stock reports including inventory status) on prescribed EPI formats to concerned DHO/THOs and attend monthly EPI review meetings.
- 9 Allow supervisors/monitors from Provincial EPI-PEI team, Director Health Services Karachi, DHO/THO, partner staff and third party monitors for supportive supervision and monitoring of EPI and SIAs activities in ZMT clinics.
- 10 Continuing Medical Education Seminars in which top of the line & very high reputed Professors, Doctors & Consultants who are specialist in their fields and serving in the Medical Health Sectors present their research to build awareness amongst the public & GPs (If applicable)
- 11 Add EPI logo in ZMT clinic sign boards and promotional materials
- 12 Arrange community awareness for routine immunization using promotional video at the ZMT clinics.
- 13 Add one or two-line key message on EPI and polio on the flyers, brochure, posters and prescription papers.
- 14 Provide vaccination in extended hours especially in the evening hours if needed
- 15 Follow the EPI standard operating procedures (SOPs) and vaccination protocols of vaccination and prevent adverse events following immunization (AEFI) and to attract community towards the vaccination services at ZMT clinics
- 16 Support EPI during the vaccination drives by offering free health awareness camp and tests covering BMI, blood pressure and blood sugar to create positive impression in the community.
- 17 Bear immunization related costs on cold chain equipment's (running electricity costs due to cold chain equipment, plugs & wires), mobility charges for collection of vaccines from EPI stores of concerned DHO/THO offices and submission of reports etc).
- 18 Vaccinator may also support for outreach vaccination activity in nearby/catchment areas of ZMT facility.
